

INTRODUCTIONS

Joseph Dickinson

Jail Commander

Greg Curtis

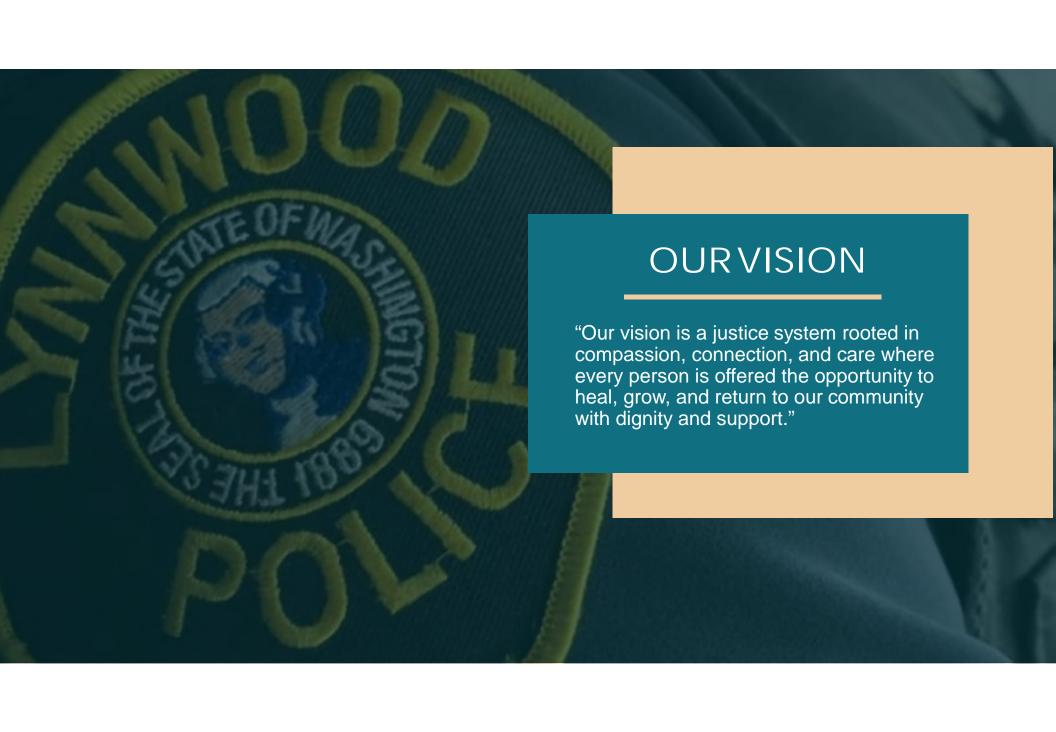

Jail Manager

Courtney Redburn Health Services Administrator, RN

Andrea Mullins Community Support Specialist

FIRSTYEAR RECAP

Opening	MAT	CCT Team	CCT
Day	Transition	Identified	Expansion
 Opened on August 20th, 2024 Slow implementation Staffed at 57% 4 officers in training 	 80-90% of indivduals on detox protocols for substance use. LCJC and community partners offering substance use treatment services 	 As the population grew so did demand for resources and re-entry support. LCJC developed a Care Collaboration Team (CCT). 	 Average length of stay 6.8 days. Short duration stay requires urgent coordination and flexibility. The CCT team expanded to include key community providers to meet population needs.

JUSTICE REIMAGINED

Stabilization

- -Comprehensive screening process
- -Identify social determinants of health
- -Trauma informed care

Reentry Preparation

-Develop timeline for release, medications, transportation, follow-up appointments, housing, etc.

Connection & Assessment

- -Continued collaboration with client to prioritize individualized needs (i.e. mental health, MAT, re-entry).
- -Medical needs are continually evaluated.

Care Planning & Programming

- -Care Collaboration between providers.
- -Coordinated care planning among providers, enrollment in treatment, Peer and mentor engagement.

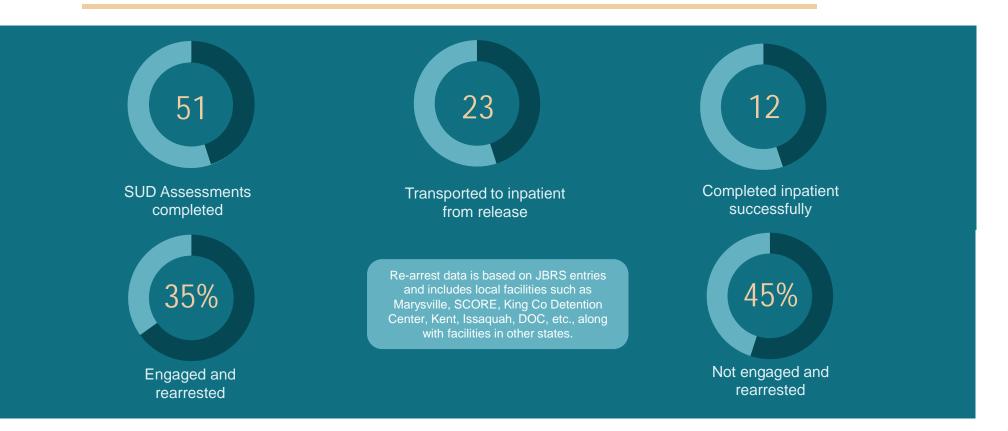

Transition & Reintegration

- -Warm handoff to community provider
- -Release Kits
- -Re-entry overview with client and community partner for safe release.

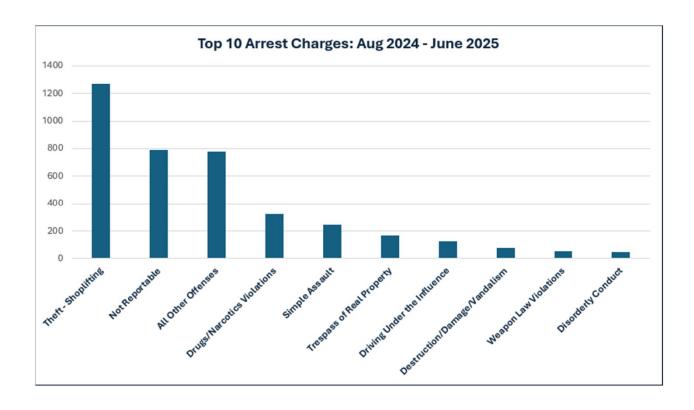

Stability & Growth

-Continually assess our processes for improvement and seek additional resources/services. This includes recidivism tracking throughout the state to measure our program effectiveness. A re-arrest doesn't mean a failure.

STATISTICS AUGUST 2024 – JUNE 2025

ARREST REPORTS

Offense	Count
Theft - Shoplifting	1269
Not Reportable	793
All Other Offenses	780
Drugs/Narcotics Violations	323
Simple Assault	246
Trespass of Real Property	170
Driving Under the Influence	126
Destruction/Damage/Vandalism	80
Weapon Law Violations	53
Disorderly Conduct	50

IMPLEMENTATION PLAN FOR 2025

1115 Medicaid Waiver

This waiver affords carceral facilities/providers the ability to bill a range of services to Medicaid and Managed Care Organizations.

- Full MAT Program
 Lynnwood medical program can provide
 continuation for substance use medication and
 aims to fully transition to a comprehensive
 medication assisted treatment program with
 inductions and long acting injectables.
- Re-Entry Support

 Case management software and collaboration

with community providers to continue targeted case management as our population increases.

1115 MEDICAID WAIVER

A federal waiver that lets states test new ways to deliver and pay for health care under Medicaid. Washington's current waiver is called the **Medicaid Transformation Project (MTP)**. Approved by **Centers for Medicare & Medicaid Services (CMS)**. This gives Washington flexibility to redesign Medicaid services.

- The 1115 waiver **expands Medicaid funding** to cover services not typically allowed—**including in jails**.
- Focuses on **reentry services**, behavioral health, substance use treatment, and social supports.
- Helps close the "care gap" between incarceration and community.

1115 MEDICAID WAIVER MANDATES

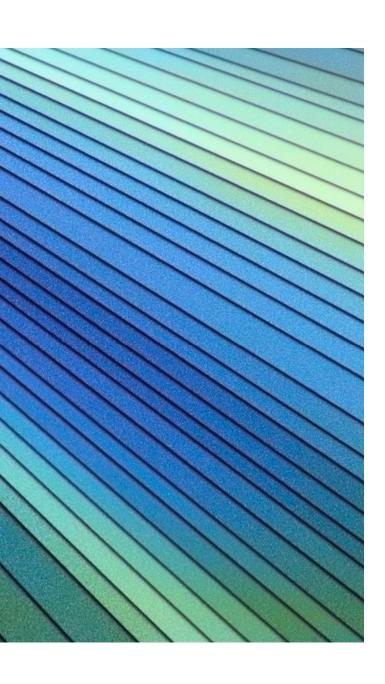

Under the 1115 waiver, our facility must:

- 1. Provide continuity of care before and after release.
- 2. Coordinate with Apple Health Managed Care Organizations (MCOs).
- 3. Screen for behavioral health and substance use disorders.
- 4. Offer reentry planning at least 30 days prior to release.
- 5. Partner with community providers for housing, case management, and treatment.
- 6. Document and report service delivery and outcomes.

HOW 1115 WORKS **MEDICAID HCA** Apple MCO MCO MCO MCO MCO Health **LCJC** Medical Billing Service Client

- •Reduces repeat incarceration.
- •Improves **public safety** and health outcomes.
- •Leverages state and federal Medicaid funding.
- •Builds partnerships with health care providers and community-based organizations.
- •Helps us be **proactive** rather than reactive.

WHAT WE NEED

Continued support for staffing and infrastructure to meet these standards.

Help us strengthen **community partnerships**.

Ask questions and stay informed as we move through state compliance timelines.

Continue to seek **sustainable funding** to keep this work going.

THANK YOU!
